 **Language:** French and Malagasy.

 **Landscape:** Madagascar is home to mountains, deserts, rainforests, and tropical beaches.

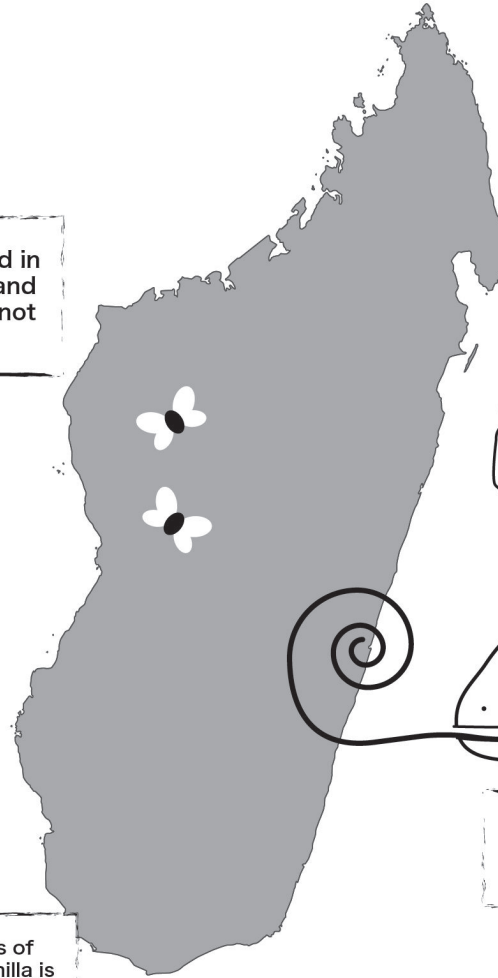

MADAGASCAR FUN FACTS

Madagascar is the 4th largest island in the world. Over 90% of the plants and animals found on Madagascar are not found anywhere else!

One of the main exports of Madagascar is vanilla. Vanilla is the second most expensive spice, next to saffron.

Madagascar is home to more than half of the world's entire population of chameleons.
